The World Association for Christian Communication (WACC)...

is a global network of communicators committed to communication for social change. WACC's key concerns are media diversity, equal and affordable access to communication and knowledge, media and gender justice, and the relationship between communication and power. It tackles these through advocacy, education, training, and the creation and sharing of knowledge. Read more [About WACC](#)

Congress 2008...

WACC [Congress 2008](#): **“Communication is peace”** will be held in Cape Town, South Africa, October 6-10, 2008. The congress is expected to attract 350 communicators from around the world. **Pre-register**[here](#).
